Photos of the giant football over the lake are already world famous thanks to the media.  
Supporters and tourists in Geneva have already immortalised it with their cameras.

So that everyone can show their photography skills, Genève Tourisme and the Bureau des  
congrès have launched a photo competition.

## Express your creativity!

Take photos of the ball by day or night, flying over the jet d'eau or resting at its feet, make  
them artistic, humorous, sporty, imagine scenarios... any style will be welcome.
